## **What's New! – Argus Insurance, Inc. Recognized as 2007 “Ovation” broker by Regence Blue Shield Insurance Company!**

Argus Insurance, Inc. has been recognized by the Regence Blue Shield Insurance Company as a 2007 “Ovation” broker. Regence, a not for profit provider of health insurance in the Pacific Northwest, developed the annual Ovation award as a way to reward their best brokers, which includes the added incentive of providing a \$3000 donation to the broker company’s chosen charitable organization.

As the recipient of their \$3000, Argus chose the For A Better Tomorrow organization.

“We selected For A Better Tomorrow for this particular contribution because of the wide range of projects that they are involved in, and because all of them are focused toward making Yakima a better, more positive place to live and work”, said Argus General Manager, Brian Roberts. “It is a very important part of the culture of our company to ‘give back’, especially with respect to locally based organizations”.

“This is such a wonderful, and generous surprise” responded Barbara Greco, the Executive Director of For A Better Tomorrow. FABT was created to celebrate, to create, to facilitate and motivate others to tackle common problems and make Yakima an even more wonderful place to live.

Argus Insurance Company is an insurance brokerage firm based in Yakima, with offices in Ellensburg, Moses Lake and Sunnyside. The company provides Property and Casualty and Employee Benefit insurance for the people of Central Washington.
